Paul - On September 6, 2013, the Ohio Environmental Protection Agency (OEPA) submitted a draft National Pollutant Discharge Elimination System Permit for the AEC Century Mine Bennoc Refuse Disposal Area. On September 24, 2013, the U.S. Environmental Protection Agency sent a letter to OEPA indicating that the September 6, 2013, submission was not a formal submission of a proposed permit under Section 402(d)(2) of the Clean Water Act and 40 CFR 123.44(d) in accordance Section V.C of the NPDES Memorandum of Agreement (MOA) between EPA and OEPA. In that letter, we asked OEPA to identify the date by which OEPA intends to transmit the proposed permit to EPA in accordance with Section V.C of the MOA. This is to confirm that, during our phone call today, you informed us that OEPA intends to transmit the proposed permit to EPA in accordance with Section V.C of the MOA by the end of this week or next week.

Thanks,
